

Play Touch Football. Or any game that gets the whole family or neighborhood outside, running around and breathing in some nice fall fresh air.

Boardgames and Cards! Get out those games out of the the closet and the cars out of the drawer! Have some silly fun!

Treasure Hunt. Create a simple treasure map and “prizes.” There can be one prize or multiple prizes, like an egg-hunt. Ideas for prizes: yummy treats or a packet of coins or a gift certificate wrapped up in a box.

Our Family Tree. Draw or print a tree on a piece of paper. Use paint, ink or markers to have everyone in the family imprint their finger prints on the paper for leave. Then use your thumbprints (the largest finger) to put one more on the tree and have each person write their name under their thumbprint. You can have it framed or take a picture of it to share with everyone.
